

Coming home should be the easiest part of military service.

For so many, transition is a challenge. Illinois Warrior to Warrior recruits and trains volunteer Veterans from all branches of service to help current and former Service Members and their families bridge the gaps between military service and civilian life.

No one knows more about the issues facing a Veteran, in combat or on the home front, than another Veteran.

Funded in part by McCormick Foundation  
A proud member of Illinois Joining Forces

Illinois Warrior to Warrior is a joint program of national nonprofit Health & Disability Advocates and the Illinois National Guard.

Can't volunteer?

Consider donating to support the cause.

## A Warrior's Mission Never Ends.

Work directly with your brothers and sisters in uniform and assist troops that are currently serving by:

- Attending drill weekends
- Building relationships with soldiers
- Connecting peers with resources and support
- Receiving ongoing training on local and federal resources.

If you have prior military service and wish to continue to serve, we need you. You will make a difference in someone else's life and continue to grow strong bonds within the military community. We build on what you already know, and train you in peer support and navigating community resources. You'll do everything from lend an open ear, to assisting with employment, finances, education, benefits, legal, mental health and substance abuse issues.

"When I came home from Vietnam, I struggled through some dark times. I want this next generation to not have to go through the same thing I did."

– Volunteer Veteran
